

Athletic Clearances

What's New for 2023-24

The most significant change for 2023-24 is that the first three pages of Form EL2 (Preparticipation Physical Evaluation) should **not** be submitted to the school. They should be completed and retained by your healthcare provider and/or by the parent or guardian, but they should not be uploaded to Home Campus. Only Page 4 should be uploaded. This page contains emergency contact information, eligibility certification, and shared emergency information that is necessary for coaches and trainers to know so that they can provide onsite first response care. However, it does not contain the more detailed medical history used to establish fitness to participate, which is between you and your healthcare provider.

Once again, all athletic clearances will be completed online. ***It is not necessary for you to turn in any hard copy forms to the Athletic Training staff.*** Along with Page 4 of Form EL2, the ECG Report is the only other form you should need to print, take to a medical professional, get signed or stamped, and upload to the Athletic Clearance system. (Note that the ECG Report is only required the first time you participate in high school activities unless a previous abnormal result indicated that you should be screened annually.) The other forms are available for you to download and review, but ***you do not need to print them, fill out and sign the hard copy, or upload them.*** There is an electronic signature form at the end of the process that covers all of them. The EL2 and ECG forms are included at the end of this document for your convenience, or you may download them from the Athletic Clearance website or get them from the school office.

Like last year, JROTC, Competitive Dance, Marching Band, and Guard require the same athletic clearance as FHSAA-sanctioned sports teams.

Non-Traditional & International Students and Academic Eligibility Issues

Students in the following situations may require additional forms to be completed. [Click here for details.](#)

- Students who have previously attended another high school
- Home, Charter, Private, Virtual, Alternative, or Special School Students
- Youth Exchange Students, International Students, or Immigrant Students
- Freshmen and Sophomores whose cumulative GPA has fallen below 2.0

Important Points

- Your Athletic Clearance must be reviewed and approved by our Athletic Trainers before you participate in athletics in any way. This includes but is not limited to off season conditioning, tryouts, and preseason practices. Just because all sections show "Completed" does not mean you are cleared. You will receive an email confirmation and the "Status" column of your clearance will change to "Cleared" when your clearance has been approved.
- Physicals and other eligibility forms are valid for one calendar year. It is **strongly** recommended that your physical screening be valid for the entire school year (at the end of May and before the beginning of the school year).

Detailed instructions are on the following pages.

Items to Gather Before You Begin

It is easiest if you already have the needed files ready to upload before you start. However, you can leave uploads blank, save your work, and return if you need to add information later (see “Revising a Clearance”). All information is saved when you move to the next page, but your clearance will not be approved until all required items have been submitted.

- Your completed **EL2 Physical Form, Page 4 only**. You may turn this into a PDF using a scanner or your phone.
- Your completed **OCPS ECG Form** (if not completed last year) and your results or confirmation email.
- **Proof of Insurance**. You may take a screen shot of your electronic insurance card or upload a photo of your physical card. Most insurance companies have a web portal that you can use to view your card at any time. If you do not have insurance, OCPS provides coverage while participating in FHSAA sanctioned sports. OCPS does not provide coverage for other activities or off-season conditioning, but [supplemental coverage is available](#).
- **Birth Certificate**. This is required the first time you register to participate in athletics. It verifies that you are an appropriate age to participate in high school athletics and will remain so for the rest of your high school career.
- **Certificates** from each required online course ([Concussions](#), [Heat Illness](#), [Sudden Cardiac Arrest](#), and [COVID-19](#)).
- If any of the items in the “Non-Traditional & International Students and Academic Eligibility Issues” section above apply to you, you may need additional forms and documentation. [Click here for details](#).

There is one file upload slot for each of the bullets indicated above. To consolidate multiple forms or multiple pages of the same form into a single file, you may use scanner software on your computer if it supports this feature, or an Apple/Android phone app such as Adobe Scan, Office Lens, or Genius Scan. [View additional help here](#).

Instructions for Completing Athletic Clearance Electronically

1. Go to <https://athleticclearance.fhsaahome.org>
(*Note: You may reuse the same account for all students in the same household, and for all years in high school.*)
 - a. If you already set up an account for a previous year or for another student residing in your household, log in using that same account. Use the Forgot Password link if you need help logging in.
 - b. If you do not yet have an account, click the Create an Account button at the bottom of the Login section and complete the registration form. **DO NOT USE AN EMAIL ADDRESS ENDING IN @students.ocps.net BECAUSE THESE ACCOUNTS CANNOT RECEIVE MAIL FROM EXTERNAL SYSTEMS.**
2. Click the “Start Clearance Here” button.
3. Select the year [2023-24], the school [Wekiva (Apopka)], and the sport. If you wish to be cleared for multiple sports, click Add New Sport to create more dropdowns. If you later decide to try out for another sport you did not initially select, your clearance can still be copied after it is submitted.
4. Complete the **Student** section as indicated. The first time you complete the form, you will need to type all the responses. If you are completing the form again for an additional sport, or you have a saved record from a previous clearance, you may use the “Choose Existing Student” dropdown to autofill the form with the same details you provided before; however, please note that you must manually re-answer the **Grade, Insurance Information, and Education History** questions each time. Click Save to continue.
5. Complete the **Parent/Guardian** form as indicated. Like the student section, you can use the “Choose Parent/Guardian” dropdown to auto-fill most of the form if you have a saved record from a previous clearance; otherwise, you will need to type the responses. If your student-athlete’s household(s) do not have two parents or guardians, click the “N/A” box to remove that section of the form. If the parent/guardian does not have a cell number, list the best number to reach that individual during the daytime. Please make sure you are supplying the **adult’s** contact information, not the student’s. Do not use a students.ocps.net email address.
6. Complete the **Medical** form as indicated. Many of these questions may duplicate information you already answered in the EL2 Physical form; however, it is still necessary to collect it here so that it can be used to prepare your digital Emergency Card for our athletic trainers.

7. We do not currently require any data from the **Program Information** step, so it will automatically be skipped.
8. On the **Signatures** step, you must review several additional consent and acknowledgement forms. This step consists of two screens – the first for the student, and the second for the parent/guardian. You may download these using the links provided to review them and keep a copy; however, **you do not need to sign and upload a hard copy**. The information in the text box is the same as the information in the attached PDF. You already provided the insurance information requested by the Off-Season Release and EL3 forms in the Student section. Simply type your name (either student or parent/guardian as indicated) in the box below each form.
 - a. Off-Season Release – Parent/Guardian Only
 - b. Participation in Extracurricular/Co-Curricular Activities – Parent/Guardian and Student
 - c. Procedures for Removal from Participation – Parent/Guardian and Student
 - d. Annual Sports Activity Participation – Parent/Guardian and Student
 - e. FHSAA Form EL3 (four forms) – Parent/Guardian and Student
 - f. Statement of Consent – Parent/Guardian Only
9. Use the “Choose File” buttons next to each of the prompts for:
 - a. **EL2 – Preparticipation Physical** — Consolidate the two pages (or three if you needed a referral) into a single file and upload it here. [View additional help for consolidating pages here.](#)
 - b. **Certificates for each of the required video courses:** [FHSAA Concussion Video](#) Certificate, [FHSAA Heat Illness](#) Certificate, [FHSAA Sudden Cardiac Arrest](#) Certificate, and [NFHS COVID-19](#) Certificate.
 - c. **OCPS Cardiology Report** — This is the OCPS-provided form, not the actual ECG results. It can be downloaded using the link provided on the Files page or found after the end of these instructions.
 - d. **3rd Party ECG Report** — This is the actual ECG result from your medical provider to which you attested in the above OCPS report. If your ECG was completed by Who We Play For, Orlando Health, Advent Health, or Nemours, upload the email you received from the organization in this spot. (Save it as a PDF from your email software.) Otherwise, upload whatever report was given to you by your provider.
 - e. **ECG Additional Clearance** — This is only required if your initial report produced abnormal findings and you need to attach additional documentation from a cardiology specialist.
 - f. **Birth Certificate** – Required the first time you participate in athletics at Wekiva to verify your date of birth and that you meet FHSAA eligibility criteria for age. This is optional if you already provided it to Wekiva in a previous school year.
 - g. **Proof of Medical Insurance** — This can be a scan/photo of your physical insurance card, or a screen shot of your digital insurance card from your provider’s app or website. If you do not have insurance, skip this upload. OCPS provides student accident coverage while participating in FHSAA sanctioned sports. OCPS does not provide coverage for other activities or off-season conditioning, but affordable supplemental coverage is available from [School Insurance of Florida](#).
10. You will receive confirmation of your successful registration. **YOU DO NOT NEED TO PRINT AND SIGN THIS FORM OR TURN IN A HARD COPY TO THE SCHOOL.** You already digitally signed the same statement.

Revising a Clearance

In the following situations, you may need to revise a clearance you previously started:

- You were unable to finish submitting all required information in one sitting.
- You already completed your clearance, but your health information has changed, or your emergency contact details have changed, and you need to update them.
- You submitted an EL2 physical form that was valid at the start of the year but will expire before the end of your last sport's season, so you need to replace that document with a new copy. (Physicals are valid for one year from the date they are completed by a medical professional.)
- You need to upload additional forms that were not required at the beginning of the year. (For example, home school students providing an academic progress report, or a second-semester sophomore completing an Academic Performance Contract after improving grades in the first semester.)

Your clearance will not be approved until all the required information is submitted. Revising your clearance information does not automatically change your clearance status – an uncleared will record stay uncleared, and a cleared record will stay cleared until the head athletic trainer or athletic director reviews your changes and updates the status. If you are making a revision to avoid expiration of a physical or other form, it is critical that you notify Brian.Berg@ocps.net after replacing the document so that your dates can be updated before your clearance auto-expires. Uploading the document does **not** automatically notify our athletic staff that it needs to be reviewed.

Updating your health information on file is important, but it is not a substitute for having a conversation with your coach and the training staff about any circumstances they should be aware of to protect your health. Keep in mind that revising your information does **not** automatically send notifications to coaches or administrators.

To revise a clearance that has already been partially or fully completed:

1. Go to <https://athleticclearance.fhsaahome.org>
2. Log in using the email address and password you previously established.
3. Click any section of a clearance to return to it. See the corresponding list item above for detailed instructions.

Applying an Existing Clearance to an Additional Sport

It is entirely possible that you may not yet know all the sports for which you intend to try out over the course of the year when you submit your first clearance, but it is easy to add more later. Follow the same steps as when you created your original clearance with the following exceptions:

- In the Student section, use “Choose Existing Student” to auto-fill most of the form.
- In the Parent/Guardian section, use “Choose Existing Parent/Guardian” to auto-fill the form.
- In the Files section, use the “Choose Existing File” button to select files you already uploaded.

Participation in high school sports is not without risk. The student-athlete and parent/guardian acknowledge truthful answers to the above questions allows for a trained clinician to assess the individual student-athlete against risk factors associated with sports-related injuries and death. Florida Statute 1006.20 requires a student candidate for an interscholastic athletic team to successfully complete a preparticipation physical evaluation as the first step of injury prevention. This preparticipation physical evaluation shall be completed each year before participating in interscholastic athletic competition or engaging in any practice, tryout, workout, conditioning, or other physical activity, including activities that occur outside of the school year.

We hereby state, to the best of our knowledge, that our answers to the above questions are complete and correct. In addition to the routine physical evaluation required by Florida Statute 1006.20, and FHSAA Bylaw 9.7, we understand and acknowledge that we are hereby advised that the student should undergo a cardiovascular assessment, which may include such diagnostic tests as electrocardiogram (ECG), echocardiogram (ECHO), and/or cardio stress test. The FHSAA Sports Medicine Advisory Committee strongly recommends a medical evaluation with your healthcare provider for risk factors of sudden cardiac arrest which may include the special tests listed above.

In accordance with School Board Policy [JJ: Extracurricular Activities](#), as part of the high school athletic packets, The School Board of Orange County, Florida is requiring each student athlete wishing to participate in high school athletics to have an electrocardiogram (ECG) screening prior to participating in his or her first athletic sport in high school. The initial ECG may be completed by any licensed physician, including a primary care physician or pediatrician. If the ECG comes back abnormal, the student may only participate after being cleared by a cardiologist or a pediatric cardiologist.

- A "normal" ECG Screening was completed and evaluated by a licensed physician or an outside vendor. Attached is the documented ECG clearing my child for participation in High School Athletics.
- An "abnormal" ECG screening was completed and my child was subsequent evaluated by a cardiologist or pediatric cardiologist. The following represents the findings of the licensed cardiologist or pediatric cardiologist after reviewing the ECG Screening results for my child:
